NDT/BOBATH CERTIFICATE COURSE IN THE MANAGEMENT OF ADULTS WITH STROKE & BRAIN INJURY

Halvar Jonson Centre for Brain Injury is offering the *NDT/Bobath Certificate Course in the Management of Adults with Stroke and Brain Injury*. This sixteen-day course in the management of adults with neurological dysfunction due to stroke or brain injury is based on the philosophy and basic principles of Dr. Karel and Mrs. Berta Bobath. The NDT Approach has since continued to evolve with new research findings and current evidence guiding clinical practice.

TARGET AUDIENCE

Participants must be qualified Physical Therapists, Occupational Therapists or Speech Language Pathologists

COURSE OBJECTIVES

Participants will have the opportunity to increase their ability to:

- apply the principles of NDT to the management of the adult client.
- better assess and analyze normal and abnormal movement.
- identify impairments interfering with function.
- integrate the approach to management with concepts of neuroplasticity, recovery of function, and motor learning theory.
- develop handling skills useful in facilitating normal function.

TUITION FEE

\$2500 Canadian (NDTA members)

OR

\$2800 Canadian (non-NDTA members)

[see www.ndta.org to apply for NDTA membership]

INSTRUCTORS

Cathy Hazzard (MBA, B.Sc.P.T.) is a PT with over 28 years experience working with adults with varied neurological diagnoses. Her clinical background also includes experience and continuing education courses in manual therapy and orthopaedics. She has been an NDTA™ Coordinator Instructor in Adult Courses since 1998 and has taught introductory, certificate and advanced level NDT courses extensively throughout North America and internationally. Cathy practiced in Calgary, Alberta, Canada for over 20 years in the acute, rehabilitation and outpatient phases of care. She is now working in private practice on Vancouver Island, British Columbia.

Teresa Siebold (B.HSc.P.T., B.Sc.Kin) is a Physiotherapist with 17 years of experience in adult neurorehabilitation. She has served in clinical and leadership positions on Stroke Units, neurosurgical and neuro-investigating units as well as inpatient and outpatient settings. Teresa has practiced in Ontario, BC, and Alberta, where she is also a private Practitioner. Currently, Teresa is working on the Stroke Unit at the Foothills Medical Centre in Calgary. As an educator, Teresa began instructing post-graduate courses for PTs, OTs, and Assistants in 2008. She is an NDTA™ PT Instructor.

Katy Kerris (OT, C/NDT, CHT) has over 25 years of experience working with neurologically impaired and orthopedic patients. In addition, she is a Certified Hand Therapist and a strong background in manual therapy. She is an OT Adult Course Instructor. She's taught numerous short and long NDT courses over the past 5 years. Katy is currently working in an out-patient clinic seeing a mixed caseload of neuro and orthopedic clients. She lives in Alaska where she enjoys many outdoor activities and has been building their own cabin.
