

March 12, 2019

Theraplay, Saskatoon's first private pediatric occupational therapy clinic, is growing! We are looking for two occupational therapists to join our team. These two part-time, permanent positions will provide evening and weekend service to our clients in our clinic facility.

At Theraplay, we pride ourselves on our positive workplace culture, providing extensive mentorship in a fun, positive, fast-paced team environment. We provide a generous remuneration package, including health and dental benefits, and support for ongoing professional development.

If you are interested, we'd love to hear from you. Please email resumes and cover letters to david@theraplaypeds.com, and check out theraplaypeds.com to see the clinic space.
