

### **Occupational therapist position:**

Bakke Therapy Services is a privately-owned Occupation Therapy and Vocation Rehabilitation Consultant company based out of Saskatoon, SK. We service all areas of Saskatchewan, Manitoba and Alberta and have been doing so for over 10 years. We provide services to various government agencies, community organizations, public schools, First Nations schools, and private individuals (e.g. SGI, Blue Cross, WCB, Veteran's Affairs, Cognitive Disability Services, Jordan's Principle, and private community members). We have worked collaboratively within interdisciplinary teams including, speech language pathologists, physiotherapists, psychologists, and physicians.

We are looking for a Full time/Part time contract Occupational Therapist to work within Saskatchewan. Must be willing to travel and have your own reliable transportation. The days and hours are flexible.

### **Occupational therapy services include:**

- Home assessments which include both standardized and non-standardized testing, including cognitive testing.
- School based assessment including treatment planning and implementation.
- Home based therapy planning and implementation.
- Accessibility consulting for home modifications and equipment prescription.
- Worksite assessment and return to work planning.
- Ergonomic assessments.

### **Qualification:**

Registered as a practicing member with SSOT and able to register in other provinces on an as need to basis.

Experience is a definite asset; however, training will be provided as needed with ongoing mentorship.

Compensation will be based on level of experience and knowledge.

If you are looking for a fun fast paced job, with lots of room for variety, working with all age levels, and want to be part of a positive and nurturing team we would love to speak with you.
