Are you an Occupational Therapist looking for exciting areas of practice, independent work while still being a part of a team, and flexible work hours?

OnTask Rehab Inc is a private practice, community-based OT and Voc Rehab service provider operating throughout Saskatchewan since 2005. We are looking to hire a full-time OT in Saskatoon.

Why work with OnTask Rehab?

- Flexible hours – you set your schedule, within the limits of meeting full time work demands.
- Work at home and in the community
- Experience and growth in specialized areas such as accessible design consulting
- Comprehensive mentorship – onsite assessment, graduated progression through report writing, and anything else you need to thrive
- Administrative support
- On-line charting and scheduling platform
- Competitive compensation – starting at $67 per hour with higher rates negotiable based on experience, and $90-100 per hour within 3-4 years
- Travel expenses will be considered for successful out of province candidates.

Caseload:

You will work with primarily adult populations, including people who have had orthopedic injuries, polytrauma, spinal cord injuries and/or brain injuries.

Areas of Practice:

- ADL Assessment (may include cognitive assessment)
- Accessibility Consulting for home modifications (work with designers, contractors and home owners)
- Adaptive vehicle consulting
- Wheelchair prescription/seating

Successful candidates will have the following:

- Successful completion of an entry to practice occupational therapy program
- Registration with the Saskatchewan Society of Occupational Therapists
- Strong organizational and communication skills.
- Genuine care and compassion with an authentic interest in bettering the lives of your clients
- A vehicle and be willingness in travelling to and from client's homes in various community locations. This position is based primarily in the Saskatoon area but involves travel to other communities (paid travel time and mileage).
