

July 26, 2021

Theraplay, Saskatoon's first private pediatric occupational therapy clinic, is growing! We are looking for two occupational therapists to join our team. These two full-time, permanent positions will provide service to our clients in our clinic facility and to our partners in different Saskatchewan school divisions. About once a month, overnight travel will be required.

At Theraplay, we pride ourselves on our supportive workplace culture, providing extensive mentorship in a fun, positive, fast-paced team environment. We provide health and dental benefits, and support for ongoing professional development. Don't worry if you don't have a lot of pediatric experience; if you have the passion, we'd love to help you grow your skills.

If you are interested, we'd love to hear from you. Please email resumes and cover letters to david@theraplaypeds.com, and check out theraplaypeds.com to see the clinic space.
