

At **Bridges Health**, we help connect individuals to their workplaces, whether through assisting employees with their health care needs while they remain at work, or by returning individuals to a workplace that is ready to bring them back.

Bridges Health works with private, government and non-profit corporations on a holistic approach to wellness, since 1997.

Join our rapidly growing organization and team as we expand our Occupational Therapy department - we are looking for **part-time/casual or contract** Occupational Therapists in **Yorkton, Battlefords, Lloydminster, Swift Current, Regina, Tisdale and Prince Albert** to join our team. If you are seeking a fast paced environment, flexible work schedule, competitive wages, we would like to talk to you!

**Travel and reliable transportation is required.**

**Responsibilities include:**

- Home assessments
- Worksite assessments
- Physical job demands analysis
- Ergonomic assessments
- Education and tools to maximize an individual's vocational abilities, and independence with daily living activities
- Proactive and preventative intervention models
- Provide ongoing feedback and monitoring of client progress over time
- Thinking outside the box, problem solving

**Qualifications:**

- Must be registered and in good standing with your provincial body

This requires the experience and/or knowledge to thoroughly list, document, and report on physical home-making and job demands. Strong oral and written communication (including report writing) skills are required, along with computer knowledge.

Compensation will be appropriate to level of experience and knowledge.

***We appreciate all interest, however, only those who are most qualified will be contacted.***

Bridges Health is an equal opportunity employer.
